This Covenant and Agreement (hereinafter Covenant) is made by and between the Metropolitan Community Church of Sacramento (hereinafter Covenantor or Community Church), the current owner of property situated in Sacramento, County of Sacramento, State of California, described in Exhibit "A" and depicted in Exhibit "B," attached hereto and incorporated herein by this reference (Property), and the State of California (State), acting by and through the California Department of Toxic Substances Control (Department), and the Central Valley Regional Water Quality Control Board (Regional Water Board).

Pursuant to Civil Code section 1471, the State has determined that this Covenant is reasonably necessary to protect present or future human health or safety or the environment as a result of the presence, on the land, of hazardous materials as defined in Health and Safety Code section 25260, and to protect waters of the State of California in accordance with Water Code Division 7. The Covenantor and the State, collectively referred to as the "Parties," hereby agree, pursuant to Civil Code section 1471, and Health and Safety Code section 25355.5, that the use of the Property be restricted as set forth in this Covenant; and the Parties further agree that the Covenant shall conform with the requirements of California Code of Regulations, title 22, section 67391.1.

ARTICLE I

STATEMENT OF FACTS

1.01 Property Description. The Property, also known as Parcel I-1, is commonly referred to as Metropolitan Community Church of Sacramento, and is located on the former Mather Air Force Base, totaling approximately 2.89 acres.

1.02 Property History. The Property was transferred before the remedy for the underlying contaminated groundwater plume was deemed to be operating properly and successfully. Therefore, the property was transferred to the Community Church by the United States, acting by and through the Department of the Air Force (Air Force), pursuant to Section 120(h)(3)(C) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA, 42 U.S.C. 9601 et seq.), also known as an "early transfer."

1.03 Groundwater Remedial Action. The Air Force is conducting a remedial action to remove contaminated groundwater on the Property in coordination with the United States Environmental Protection Agency (U.S. EPA), the Department, and the Regional Water Board. Groundwater remediation is being achieved through a groundwater extraction and treatment program underway as part of the Soil Operable Unit and Groundwater Operable Unit Plumes Record of Decision (Soil and Groundwater ROD). The Soil and Groundwater ROD was approved on April 29, 1996.

1.04 Groundwater Contamination. Groundwater contamination originating from numerous sources across the former base underlies the Property. The groundwater underlying the Property is contaminated with volatile organic compounds (VOCs). The primary Contaminant of Concern is tetrachloroethene (PCE). The maximum concentration of PCE in the groundwater beneath the Property is 69 µg/L as of October 2006. PCE is suspected to cause cancer when ingested over a long period of time. The approved cleanup standard is the state Maximum Contaminant Level (MCLs) found in Title 40 Code of Federal Regulations, Part 141 and title 22 California Code of regulations section 64444. The MCL is 5.0 ug/l for PCE.

The restrictions described within this document will prevent the public from drinking water that is above the MCL and could be harmful. The water table is approximately 70 feet below ground surface. The State concludes that the groundwater presents an unacceptable threat to human health and safety. The State further concludes that the Property, subject to the restrictions of this Covenant, does not present an unacceptable threat to human health or the environment.

ARTICLE II

DEFINITIONS

2.01 Department. "Department" means the Department of Toxic Substances Control and includes any successor agencies, if any.

2.02 Regional Water Board. "Regional Water Board" means the Regional Water Quality Control Board, Central Valley Region, and includes any successor agencies, if any.

2.03 Owner. "Owner" means the Covenantor and all successors in interest to the Covenantor, including heirs and assignees, who at any time hold title to all or any portion of the Property.

2.04 Occupant. "Occupant" means Owners and any person or entity entitled by ownership, leasehold, or other legal right to occupy any portion of the Property.

ARTICLE III

GENERAL PROVISIONS

3.01 Restrictions to Run with the Land. This Covenant sets forth protective provisions, covenants, restrictions, and conditions (collectively referred to as Restrictions), subject to which the Property and every portion thereof shall be improved, held, used, occupied, leased, sold, hypothecated, encumbered, and/or conveyed. Each and every Restriction: a) runs with the land pursuant to H&SC section 25355.5 and Civil Code section 1471; b) inures to the benefit of the State and passes with each and every portion of Property; c) is for the benefit of and is enforceable by the State; and d) is imposed upon the entire Property unless expressly stated as applicable only to a specific portion thereof.

3.02 Binding upon Owners and Occupants. Pursuant to H&SC section 25355.5(a)(1)(c), this Covenant binds all Owners and Occupants of the Property, their heirs, successors, and assignees, and their agents, employees, and lessees. Pursuant to Civil Code section 1471, the Owner and all successive owners of the Property are expressly bound hereby for the benefit of the State.

3.03 Written Notice of Release of Hazardous Materials. Prior to the sale, lease or sublease of the Property, of any portion thereof, or the execution of a license or easement on the Property, the owner, lessor, or sub-lessor shall give the buyer, lessee, or sub-lessee notice that hazardous materials are located beneath the Property as required by H&SC section 25359.7.

3.04 Incorporation in Deeds and Leases. This Covenant shall be incorporated by reference in each and all deeds and leases and subleases for any portion of the Property.

3.05 Conveyance of Property. The Owner shall notify the Department and Regional Water Board no later than thirty (30) days after conveying any ownership interest in the Property (excluding short-term rentals and leases, mortgages, liens and other non-possessory encumbrances). The Department and Regional Water Board shall not, by reason of this Covenant, have authority to approve, disapprove, or otherwise affect any proposed conveyance, except as provided by law.

3.06 Costs of Administering this Covenant. The Department and the Regional Water Board have incurred and will in the future incur costs associated with the administration of this Covenant. Pursuant to California Code of Regulations, title 22, section 67391.1(h) and Porter Cologne section 13304, DTSC's and the Regional Water Board's costs associated with the administration of this Covenant must be paid. The Air Force is currently paying these costs. If, however, payments are not made by the Air Force, the Owner will be responsible for DTSC and the Regional Water Board costs.

ARTICLE IV

RESTRICTIONS

4.01 Prohibited Activities. The following activities are prohibited on this Property:

- (a) Construction of groundwater wells for injection, extraction or utilization.
- (b) Any land use that would restrict remedial investigation activities, remedial actions, or long-term maintenance and operation of the groundwater remedy.
- (c) Destruction or disturbance of the any groundwater monitoring wells or other parts of the groundwater extraction and treatment systems.
- (d) Any other activity that would interfere with or adversely affect the groundwater remedy, or result in the creation of a groundwater recharge area (e.g. unlined surface impoundments or disposal trenches).

Note: Normal landscaping and irrigation activities including routine irrigation practices are not prohibited activities.

4.02 Access. The U.S. EPA, the Department, Regional Water Board, their contractors and agents shall have reasonable right-of-entry and access to the Property for inspection, monitoring, testing, sampling, installation and monitoring of remedial systems, and other activities consistent with the purposes of this Covenant as deemed necessary by the U.S. EPA, the Department, Regional Water Board and the

Covenantor in order to protect the public health and safety and/or the environment and oversee any required activities.

4.03. Access for Implementing Remedial Operations and Maintenance.

The Air Force is responsible for implementing the continuing remedial operation and maintenance at the Property. The Air Force shall have reasonable right of entry and access to the Property for the purpose of implementing the operation and maintenance until the State determines that no further operation and maintenance is required.

ARTICLE V

ENFORCEMENT

5.01. Enforcement. Failure of the Owner or Occupant to comply with this Covenant shall be grounds for the Department, or the Regional Water Board to require the Owner modify or remove any improvements (Improvements herein shall mean all buildings, roads, driveways, and paved parking areas, water wells, and surface impoundments constructed or placed upon any portion of the Property in violation of the Restrictions). Violation of this Covenant, including but not limited to, failure to submit, or the submission of any false statement, record or report to the Department or the Regional Water Board, shall be grounds for the Department or the Regional Water Board to pursue administrative, civil or criminal actions, as provided by law.

ARTICLE VI

VARIANCE, TERMINATION AND TERM

6.01 Variance. Covenantor, Owner, or any other aggrieved person, may apply to the Department for a written variance from the provisions of this Covenant. Such application shall be made in accordance with H&SC section 25233. The Department shall receive the concurrence of the Regional Water Board before any such variance is effective.

6.02 Termination. Covenantor, Owner, or any other aggrieved person, may apply to the Department for a termination of the Restrictions or other terms of this Covenant as they apply to all or any portion of the Property. Such application shall be made in accordance with H&SC section 25234. The Department shall receive the concurrence of the Regional Water Board before any such termination is effective.

6.03 Term. Unless ended in accordance with the termination paragraph above, by law, or by the Department and the Regional Water Board in the exercise of its discretion, this Covenant shall continue in effect in perpetuity.

ARTICLE VII

MISCELLANEOUS

7.01 No Dedication Intended. Nothing set forth in this Covenant shall be construed to be a gift or dedication, or offer of a gift or dedication, of the Property, or any portion thereof to the general public or anyone else for any purpose whatsoever.

7.02 State of California References. All references to the State of California, the Department, and the Regional Water Board include successor agencies/departments or other successor entity (ies) and delegated agencies.

7.03 Recordation. The Covenantor shall record this Covenant, with all referenced Exhibits, in the County of Sacramento within ten (10) days of the Covenantor's receipt of a fully executed original.

7.04 Notices. Whenever any person gives or serves any Notice (Notice as used herein includes any demand or other communication with respect to this Covenant), each such Notice shall be in writing and shall be deemed effective: 1) when delivered, if personally delivered to the person being served or to an officer of a corporate party being served, or 2) three (3) business days after deposit in the mail, if mailed by United States mail, postage paid, certified, return receipt requested:

7.10 Monitoring, Inspection and Reporting Requirements. The Owner shall conduct an annual inspection of the Property verifying compliance with this Covenant, and shall submit an annual inspection report to the Department for its approval by March 15th of each year. The annual inspection report must include the dates, times, and names of those who conducted the inspection and reviewed the annual inspection report. It also shall describe how the observations were performed that were the basis for the statements and conclusions in the annual inspection report (e.g., drive by, fly over, walk in, etc.). If violations are noted, the annual inspection report must detail the steps taken to return to compliance. If the Owner identifies any violations of this Covenant during the annual inspections or at any other time, the Owner must within ten (10) days of identifying the violation: determine the identity of the party in violation, send a letter advising the party of the violation of the Covenant, and demand that the violation cease immediately.
